Boyer Candy Company is Now Kosher Certified

Boyer Candy is pleased to announce that effective September 1, 2011 all of our products are certified Kosher through KOF-K.

KOF-K is internationally recognized as the foremost Kosher certification agency in the United States. Only those products meeting the strictest standards are permitted to display the symbol.  Boyer Candy will proudly display this symbol on each cup candy wrapper. When consumers see the KOF-K emblem, they know they are buying quality candy that meets the highest levels of Kashrus (Kosher law).

“The kosher community is prominent throughout the United States, as well as throughout the world which creates a major opportunity to market our products – The Mallo cup, The Peanut Butter cup, The Smoothie cup & The Triple Twist pretzel “ states Vice President of Sales Tina Baker.
